Thanks Mickie.

This request was reviewed and approved by committee. I was not sure on how the \$ can get to the family, perhaps Daniel can assist with that.

Tony,

Daniel visited with me about this request today. Daniel informs me that the request was previously approved, but we have not yet sent the money to the Andarcio family.

I will work with Steve to determine the best way to provide the money to them.

If you have questions or concerns about what I put into the form, please get back to me. Otherwise, I will assume that we are good to go.
