To whom it may concern:

Dear brethren,

I hope this letter finds you well, as you serve our Lord and Savior.

Please pray for the below need, and consider assisting financially to afford this brother, whom I personally know very well, an opportunity to serve our Lord and King here on earth for a few more years, if it is God's will.

Our brother Roviro Antonio Vielma Vielma is a faithful member of the church in Maracaibo, Venezuela. He is 71 years old and was baptized in November, 2008. His wife, Onaida, became a christian 37 years ago. They have both remained faithful since their conversion, serving the church, and using their home as a meeting place for the congregation, whenever necessary.

Roviro and Onaida have 2 sons and 3 daughters, all faithful members with their spouses, some of them dedicated to the ministry without formal support. One of his sons serves as a vocational minister at this congregation in Maracaibo. They also have 12 grandchildren, 8 of which have dedicated their lives to God in baptism. This family is dedicated to serving the kingdom and in it, teaching bible studies at home, at their meeting place, youth, children and ladies classes, and in local evangelism. He's also being an instrument to bringing 5 of his 8 sibling to the feet of Christ, so far, and he continues to strive so the last 3 can be saved.

Roviro was asked to serve as an elder, a privilege reserved to very few in Latin America, but had to stop after a few short months, due to his health issues.

In short, Roviro is a great worker and an example to his family, the congregation, and the community, and that's one of the reasons I decided to ask for means to help his physical health to be restored.

Roviro has had health problems for many years, with his heart, bladder, kidneys and prostate. He has chronic prostatitis (his prostate is very enlarged, bigger than an orange) and also a big stone in his bladder, which is causing internal bleeding, and threatening to rip the bladder, which could be fatal. He is also using a catheter, which is causing infections and great discomfort. He won't be able to continue living under this conditions, which also could anxiety, depression, etc.

At this point, surgery to remove the prostate is the only solution. Unfortunately, given the current situation of the country, having the surgery at a public hospital is not feasible, and it would basically be a death sentence. The most viable option is for Roviro to have the surgery at a private clinic, which will cost between \$10K and \$11K, including post-surgery care and 3 days of usage of an ICU. We are hoping and praying that not all 3 days are needed, but they might, given his age and condition. The doctors have offered to remove the stone for the bladder at the same time, instead of doing and charging for two different surgeries.

As you can imagine, this surgery is extremely urgent and we are trying to get the resources to schedule it for this coming Monday.

Please prayerfully consider helping this brother and his family, none of whom have resources.
Please send any contribution to Northwest church of Christ, 6720 West Tidwell, Houston, TX 77092,
to the attention of Julio Cedenof, and marked "RV Surgery-Venezuela"

Feel free to reach out to me if you have any questions or need more information.
