Subject: Request for Assistance
Date: Thursday, January 31, 2019 4:15:31 PM

Vicki,

Please be advised that your request for assistance has been approved after consultation with the Elders that oversee the Benevolence Committee.

Your request for assistance is approved with the following stipulations: 1. Any further request for assistance will require a personal meeting to discuss your situation; 2. Any further request for assistance will take into consideration demonstrated steps taken to reduce expenses, in particular, your housing expense.

With this email, I will request Marilyn to draft a check for \$1,800.00 to AIM for your rent and to draft a check for \$730.00 made out to you to cover your car payment and car insurance. Marilyn will call you when the checks are ready, probably tomorrow.

Your Elders remain available at any time to counsel and pray with you.

In Christian Love,

Gerald
